## ≡ The VoEx Solution

VoEx is a marketplace that provides a vehicle for monetizing content by minting and selling it as NFTs. The value of written works, images, audio and video content can be enhanced through added utility incentives and exclusive experiences.

## Join the VoEx Marketplace

We welcome anyone interested in advancing this exciting marketplace for liberty. Upon joining, you will gain access to exclusive initiatives and events that are available only to VoEx Marketplace members and their supporters.

# NFT Tiers

VoEx offers Tiered NFT Projects denoting different degrees of scarcity, from one-of-a-kind NFTs that represent a significant work, to larger collections that are accessible to a wider audience. Included in the NFTs are added utilities and experiences that will help build community engagement.

## ☰ **TIER I** One of One

This is an opportunity for your organization to monetize its most coveted intellectual or creative content, while strengthening the sense of patronage with your donors.

## ☰ **TIER II** Limited Edition

Limited Edition collections which offer exclusive experiences will help your organization reach a broader and more connected audience. Collectors become stakeholders who are deeply invested in the organization's mission.

## ☰ **TIER III** Collector Packs

Collector Packs are the most accessible of VoEx NFT collectibles. Thousands of Packs will be sold which will contain multiple NFTs representing the most common to the rarest collectibles. Degrees of scarcity will be randomly assigned to the Packs in the presale. Packs include a wide range of utility and experiences and are a valuable tool to build and engage community.
